Hot summer

Music & Lyrics by Thomas Raber

Strophe

The wether's high, verxvery drx, the sun is verx hot so that I nearly die so what can we do ?
My flat is too hot to stay in it, so I have to go out just a little bit what else can we do ?
Now I'm standing near a pool. The water in there is verx cool
should I jump in the water here or should I go just for a beer

OH (Überstimme)

Refrain

oh it's a hot summer The weather is verx fine To swimmin we need some water
but for drinking we need beer and wine, beer and wine ---> solo
